Development**

PCMLP at Oxford together with the University of Witwatersrand and the University of Pennsylvania are working with UNESCO on the 2017 flagship publication World Trends in Freedom of Expression. The report is organized around media pluralism, media freedom, independence, journalist safety and gender. There is significant overlap between the 2017 report and the issues involved in the Price Moot Court.

This seminar offers the opportunity to discuss preliminary findings and explore ways of involving moot court participants that would like to learn more and be involved.

Monroe E. Price, Annenberg School of Communication, University of Pennsylvania

Nicole Stremlau, Head of the Programme in Comparative Media Law and Policy
